Dear Prospective Sponsor,

Thanks for your time in considering our sponsorship opportunity. The Granite City Grays Baseball Club is a part of the Lakewood League and consists of about 20 players from Central Minnesota, primarily graduates of St. Cloud Cathedral. Last year, our first season in operation as the Grays, we had a successful season and captured the Lakewood League championship. Another, more important success was that of our fundraising effort. With help from community businesses like yours, we were able to reach our goals for '06. Last year's funds helped start-up our new team, including buying uniforms and equipment. 2007's goals are to continue to raise money in an effort to buy a second (road) uniform, as well as allow us to afford the standard operating costs such as stadium rental and umpiring fees.

Our goal for 2007 is \$4000. That will cover our operating budget, including stadium rental, umpiring fees, tournament entry fees, and equipment (balls, team bats, etc). Those items come to about \$2500. Also, the purchase of an additional uniform and team apparel is approximately \$1500. As always, your contributions are combined with our player's fees, so if we team up, we can meet that goal together.

Any and all contributions make a big difference to us and are greatly appreciated. Last year our goal was met through help from many businesses like yours and we know that the same generosity will make this year's fundraising efforts a success.

As an incentive to your company/business, sponsors will be featured in the souvenir program that is available to all fans at our games. All contributors will receive space for their logo/contact information, and larger contributions will receive a larger amount of ad space to be determined once all contributions are received. We'll also feature all of our sponsors on our website, [GraniteCityGrays.com](http://GraniteCityGrays.com), with your logo linked to your website.

Your help is so important to us and we appreciate your support.
